

Mission:

The mission of The Oregon Garden is to welcome and inspire all visitors with an appreciation for the extraordinary ecology of the Pacific Northwest, and to provide a meaningful educational experience for gardeners of all skill levels and ages.

Education:

The Environmental Education Program and The Forestry Education Program host school programs, scout groups, home school groups, educator workshops, and special education events. With 80 acres of a diverse array of beautiful gardens, wetlands and forests, students of all ages receive a unique and valuable experience.

And Much More:

The Oregon Garden grows more than plants - breathing fresh air and participating in hands-on activities facilitates growing great minds. The Oregon Garden is a learning environment where the world of plants and their importance can be discovered and admired by the public and students from all levels of the state education system.

The Oregon Garden Foundation is a non-profit corporation recognized by the Internal Revenue Service as a tax-exempt 501(c)(3) corporation. Contributions to The Oregon Garden Foundation are tax deductible to the extent allowed by law.

Conifer Garden Expansion

Continuing to grow!

Conifer Garden History

The Conifer Garden, a great example of year-round interest, boasts one of the largest collections of dwarf and miniature conifers in the United States. Some are one-of-a-kind and have been collected from around the world. This 3/4 acre garden also includes a variety of companion plants such as Japanese maples, Daphnes, heathers and heaths.

This unique, specialty garden was built in partnership with the Western Region of the American Conifer Society (ACS). The Western Region provides on-going expertise to assure the Garden remains one of the finest showcases for conifers in the country.

Conifer Garden Expansion

The ACS Western Region is now assisting to almost double the size of the Garden to also display conifers in landscaped settings. An additional goal is to accurately and completely label each conifer creating a living reference garden. All Conifer of the Year selections, both past and future, will also be proudly displayed.

The ACS Western Region and The Oregon Garden Foundation need your help to make this dream a reality. Please send your tax-deductible donation today to The Oregon Garden Foundation. All one-time or pledged gifts over \$1,000 will be permanently recognized within this unique Garden.
